# WHERE ROUND & SQUARE MEET

#### EVERY PIECE IS UNIQUE

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre svoje jedinečné vlastnosti a starostlivo sa opracováva. Praskliny, stopy a iné nerovnosti sú súčasťou jeho pôvabu a dodávajú mu charakter, ktorý hľadáme.

A new arrival this season: the Barra Collection by DTP Home. Special bar work is combined with recycled teakwood in the cabinets and tables in this collection.

---

Ďalšia novinka tejto sezóny: kolekcia Barra. Skrinky a stoly v tejto kolekcii kombinujú nezvyčajnú barovú konštrukciu s recyklovaným teakovým drevom.

## ROOMDIVIDER & TV STAND

The frame of Barra is made of squared tubes inlaid with teakwooden shelves. Divisions are made with round bars placed at an unequal distance, which create a playful pattern. The cabinets are finished all around so it's possible to place them detached. The Barra Collection is a good match with the other collections from DTP Home.

Rám rozdeľovača izieb a TV nábytku Barra pozostáva zo štvorcových rúrok, do ktorých boli vložené police z teakového dreva. Potom sa vytvorila teselácia s okrúhlymi vretenami. Tyče sú od seba umiestnené v nerovnakých vzdialenostiach, čo vytvára hravý efekt. Skrinky majú povrchovú úpravu zo všetkých strán, a preto sa dajú umiestniť aj voľne stojace v miestnosti.

#### EVERY PIECE IS UNIQUE

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre svoje jedinečné vlastnosti a starostlivo sa opracováva. Praskliny, stopy a iné nerovnosti sú súčasťou jeho pôvabu a dodávajú mu charakter, ktorý hľadáme.

The Classic Collection is exquisite in its simplicity: entirely made of wood that needs no fringe to show off its beauty. The Classic Collection is a perfect match for recycled teak pieces in our Cosmo, Odeon, Highlight, Timeless en Metropole collections.

Nenápadný dizajn kolekcie Classic nepotrebuje nič iné, aby sa právom nazýval klasikou. Kolekcia Classic sa dokonale kombinuje s recyklovaným teakovým drevom nábytku z našich kolekcí Cosmo, Odeon, Highlight, Timeless a Metropole.

**ICON** The design of the  
Icon is minimalist but  
warm and attractive.

---

Dizajn stolov Icon je minimalistický, ale  
očarujúci a plný charakteru.

The minimalist look of the Icon table series is refined by clever and subtle details. A split table top emphasises its clean look. The table's legs embrace its top, emphasising the whole wood construction. Its beautiful recycled teak makes for a statement piece full of personality and charm. Coffee table Icon round has no split and a crossed frame.

Séria stolov Icon má minimalistický dizajn, ktorý je zjemnený jemnými detailmi. Napríklad stolová doska sa skladá z dvoch častí, ktoré umocňujú čisté línie. Nohy presahujú cez okraj, čím zdanlivo podopierajú dosku. Vrchná doska salónneho stolíka Icon Round sa skladá z jednej časti a má prekrížený rám.

Vráťte sa do minulosti s týmto klasickým kláštorným stolíkom podľa vzoru zo 17. storočia. Púta pozornosť.

We were inspired by a traditional table to create a bold and robust design with solid timber. Its severity is lightened by the inlaid table top with neatly mitered corners. The A-line of the trestle base also provides an elegant touch. The overall effect is one of rustic confidence. Match with Monastery benches to complete the look.

Kláštor sme založili na kláštorných stoloch zo 17. storočia. Vyrobený z masívneho dreva má robustný a pevný vzhľad. Inkrustovaná vrchná doska so skosenými rohmi však dodáva stolu ďalší elegantný nádych, rovnako ako áčková línia hranatej podnože. Pre ucelený vzhľad skombinujte so sedacími súpravami Monastery.

# BLACK EMBRACES THE MYSTERY OF ANCIENT WOOD

## EVERY PIECE IS UNIQUE

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre jeho jedinečné vlastnosti a spracováva sa ručne. To zahŕňa praskliny, línie a nerovnosti: tie mu dodávajú vzhľad a charakter.

The Cosmo Collection stands out by its striking combination of teak in natural and black. The contrasts are enhanced by the slick metal of frame and doors, adorned with delicate handles.

---

Čierne a prírodné tóny v našej kolekcii Cosmo vytvárajú vzrušujúce kontrasty, ktoré sú umocnené hladkým kovom rámu a dverí. Rafinované úchyty dodávajú ľahký nádych.

## GET TOGETHER

Cosmo's dining table is a beautiful place for daily dinners, lazy coffee breaks and festive celebrations.

SÚHRN Jedálenský stôl Cosmo je ideálnym miestom na večeru, lenivé prestávky a slávnostné večere.

The table top is locked in black metal strips, emphasizing the vibrant wood in between. The grains on the rim are lined vertically, giving it an exciting edge.

Elegantný rám z čierneho kovu zvyrazňuje žiarivé drevo tejto stolovej dosky. Zrno na hrane prebieha vertikálne - jemný a vzrušujúci detail.

MEET MASTERPIECE

# A WORK OF OUTSTANDING ARTISTRY

#### **EVERY PIECE IS UNIQUE**

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre jeho jedinečné vlastnosti a spracováva sa ručne. To zahŕňa praskliny, línie a nerovnosti: tie mu dodávajú vzhľad a charakter.

Meet the new dining tables from the Masterpiece Collection. We combined the most user-friendly table leg with 9 different table tops, of which each model is available in two sizes. When placing one, or ideally two, tables in your shop, you are able to sell no less than 18 tables due to our handy promotional materials.

---

Objavte naše nové jedálenské stoly z kolekcie Masterpiece. Spojili sme užívateľsky najprívetivejšiu nohu stola s 9 rôznymi stolovými doskami, pričom každý model je k dispozícii v dvoch veľkostiach. Pri umiestnení jedného alebo ideálne dvoch stolov na predajnej ploche môžete vďaka našim praktickým propagačným materiálom predáť až 18 stolov.

## TABLE TOPS

The table tops from the Masterpiece Collection have a solid appearance due to the 8 cm thickness. They are made of solid wood covered with recycled teakwood. Great to combine with furniture from our other collections such as Cosmo, Metropole and Odeon.

Stolové dosky z kolekcie Masterpiece majú vďaka hrúbke 8 cm masívny vzhľad. Sú vyrobené z masívneho dreva s povrchovou úpravou z recyklovaného teakového dreva. Skvele sa kombinujú s nábytkom z našich ďalších kolekcii, ako sú Cosmo, Metropole a Odeon.

## STORY Its history has left the wood with stains, cracks and flaws: a perfect imperfection

STORY: Použité teakové drevo bolo v predchádzajúcom živote poznačené škvrnami, vláknami a prasklinami, ktoré rozprávajú jeho vlastný príbeh.

### TABLE LEGS

All tables in the Masterpiece Collection have the same metal spider leg, adapted to the dimension and size of the table top. The design of the most user-friendly table base is extra special in this collection: it is tapered. This construction, which is difficult to make, gives the leg a slim effect. You can place a maximum amount of chairs around it, because a spider leg never gets in the way.

Všetky stoly v kolekci Masterpiece majú rovnaké kovovú pavučinovú nohu, prispôbenú na proporcie a veľkosť stolovej dosky. Dizajn používateľsky najprívetivejšej podnože je v tejto kolekci výnimočný: zužuje sa. Táto zložitá konštrukcia dodáva nohe štíhly efekt. Keďže pavúčia noha nikdy neprekáča, môžete okolo nej umiestniť maximum stoličiek.

## DINING TABLE EDISON

New at DTP Home: table tops made of Mortex. Mortex is a decorative plaster technique based on the natural materials cement and lime. It is applied in liquid form to MDF. This is done entirely by hand, so each tabletop has a different structure. After curing, the blade is treated with a varnish which provides extra protection against dirt and grease stains. The result is a durable table with the properties of natural stone. It is waterproof and resistant to heat, tear, wear & scratch.

Novinka: stolové dosky od značky Mortex. Mortex je technika dekoratívnej omietky na báze prírodných materiálov cementu a vápna.

Vyrába sa výlučne ručne a špachtľou, čím každá stolová doska získava inú štruktúru. Po vytvrdnutí sa stolová doska ošetrí lakom. Táto vrstva poskytuje dodatočnú ochranu proti nečistotám a mastným škvrnám. Výsledkom je odolný stôl s vlastnosťami prírodného kameňa. Je vodotesný, odolný voči teplu a roztrhnutiu, opotrebovaniu a poškrabaniu.

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre jeho jedinečné vlastnosti a spracováva sa ručne. To zahŕňa praskliny, línie a nerovnosti: tie mu dodávajú vzhľad a charakter.

A collection of pretty tables and cabinets features our signature recycled teak. Metropole's table tops slim down at the edges in a refined silhouette. The front rims of the cabinets do the same, resulting in strong lines and depth. Round metal frames set off the aged wood, as do the black insides of the cabinets. With asymmetrical doors that have no handles, the all over impression is one of sophisticated elegance.

---

Aj v tejto kolekcii má hlavné slovo nádherné teakové drevo. Stolové dosky Metropole sú omladené a vytvárajú štíhlu siluetu. Hrany skriniek sa zvažujú dovnútra. Tým sa vytvára hĺbka a výrazné línie. To efekt ešte viac umocňujú okrúhle kovové nožičky, bezúchytkové a asymetrické dverka a tmavý interiér priehradiek.

UMELECKÉ DIELO Táto

Doors, drawers and spaces in Metropole bookcase have an interesting asymmetry, that is accentuated by the slanting rims on the front. More black accents can be found in the slender round metal frame and ecofriendly dark finish on the inside. It's a perfect balance for the ancient teak.

Táto knižnica vyniká zaujímavou asymetriou dvierok, zásuviek a priehradiek. Všetky hrany sa skláňajú dovnútra, čo dodáva prednej časti štruktúru a hĺbku. A samozrejme, zmestí sa do nej oveľa viac než len knihy.

Cupboard Metropole has the cunning contrast of solid wood on frail legs, which gives it an attractive lightness. In contrast the storage space offered is huge, with multiple compartments, shelves and drawers.

Vďaka krehkým nohám nevyzerá úložná skriňa Metropole ťažko. Vďaka množstvu priehradiek, policí a zásuviek však ponúka dostatok úložného priestoru.

**LINES** Who said that a closed cupboard should be boring? We spiced it up with rimmed doors and drawers in an exciting composition.

KOMPOZÍCIA JE VŠETKO

Zatvorená skriňa je nudná? Vieme, čo s tým. Asymetrické čierne línie dverok a zásuviek vytvárajú vzrušujúce usporiadanie.

# MODERN METAL EMBRACES THE WISDOM OF RECLAIMED WOOD

#### EVERY PIECE IS UNIQUE

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre jeho jedinečné vlastnosti a spracováva sa ručne. To zahŕňa praskliny, línie a nerovnosti: tie mu dodávajú vzhľad a charakter.

Only the best reclaimed teak is used in our bestseller collection Odeon. The grey and white that grace the aged wood are set off by the intense black insides of bookcases and cupboards. Add the straight squares of a modest metal base and the impression is sober and chic.

---

Pri našej úspešnej kolekcii Odeon recyklujeme to najlepšie drevo, ktoré nájdeme. Šedé tóny sú umocnené intenzívnym čiernym interiérom skriniek a príborníkov. V kombinácii s elegantným štvorcovým podstavcom je výsledok triezvy a elegantný.

A striking statement; these magnetic doors in cupboard Odeon low. The severe black can be softened by decorating them with drawings, cards and other mementoes.

Again black is the dominating colour in these eye-catching showcases. Intensified by slender glass doors the dark inside is a perfect place to show what you've got. Showcase No2. High has even more room for display, with cupboards for storage at the bottom.

MEET TIMELESS

DEEP GRAINS  
ETCHED IN BLACK  
RECLAIMED TEAK

**EVERY PIECE IS UNIQUE**

Our wood is selected for its unique qualities and carefully crafted. Cracks, marks and other irregularities are part of its charm and provide the character we seek.

Naše drevo sa vyberá pre jeho jedinečné vlastnosti a spracováva sa ručne. To zahŕňa praskliny, línie a nerovnosti: tie mu dodávajú vzhľad a charakter.

All Timeless pieces are finished in black to form our Timeless Black Collection. Reclaimed teak is stained an inky colour and coated with a transparent varnish, accentuating the lovely lines in the wood. The black combines beautifully with natural colors, so match with the Cosmo, Odeon, Highlight and Metropole collections.

---

Modely z kolekcie Timeless Black sú vyhotovené v čiernej farbe. Základom je rovnaké recyklované teakové drevo, ale s čiernym moridlom a priehľadným lakom. Vďaka tomu je nádherná štruktúra dreva ešte viditeľnejšia. Prírodné farby zvyrazňujú tmavú čiernu farbu, takže ich môžete ľubovoľne kombinovať s kolekciami Cosmo, Odeon, Highlight a Metropole.
